SRM INSTITUTE OF SCIENCE AND TECHNOLOGY

Electify — Academic Program & Event Management

COURSE COORDINATOR EDITION

Official Production Portal: Hosted on Vercel Cloud `https://electifysrm.vercel.app`

Course Coordinator Master Manual

Course Coordinator Responsibilities: Define elective offerings, set maximum seat capacities and baskets, schedule registration windows with automated closures, supervise live event surveillance, and export master reports.

1. Year Server — Isolated Term → 2. Electives — Baskets & Caps → 3. Schedule — Window Timers → 4. Live Monitor — Realtime Telemetry → 5. Audit Replay — COE Master Export

1. Coordinator Login & Year Server Management

Step 1 **Accessing the Coordinator Suite**

1. Sign in at: https://electifysrm.vercel.app/login.
2. Credentials: `sabenabanu@srmist.edu.in` / `Electify@2026`.
3. Navigate to **Academic Sessions** (`/faculty/academic-sessions`). Electify isolates database entities by academic year, guaranteeing historical data integrity.

2. Electives Catalogue & Basket Allocation

Step 2 **Creating Electives and Seat Caps**

1. Open **Electives Management** (`/faculty/electives`).
2. Click **Create New Elective**:
   - Subject Code (e.g. `21CSE301T`) and Course Title.
   - Department, Credits, and Syllabus overview.
   - **Maximum Seat Capacity:** Set the exact hard cap (e.g. 60 seats).
3. Organize electives into **Baskets** (e.g., *Professional Elective III*). Students will be required to pick exactly one course per basket.

3. Window Scheduling & Auto-Close Automation

Step 3 **Scheduling Start, End, and Rules**

1. Navigate to **Window Control** (`/faculty/window`).
2. Set **Opening Date & Time** and **Closing Date & Time**.
3. Enable **Auto-Close**: The registration window automatically locks when the deadline passes with zero manual intervention required.
4. Toggle **Allow Modifications**: Controls whether students can change choices while the window remains open.
5. Click **Publish & Schedule Event**.

4. Live Event Surveillance Telemetry

Step 4 **Live Real-Time Monitoring**

During a live registration event, navigate to **Live Monitor** (`/faculty/monitor`):

- **Active Student Heartbeats:** Real-time count of students actively browsing in the portal.
- **Seat Depletion Meters:** Visual progress gauges showing seats filled per course in real time.
- **Submission Velocity:** Registration transactions completed per second.
- **Emergency Pause:** In case of an unforeseen academic announcement, click *Pause Window* to freeze submissions safely without dropping existing allocations.

5. Registration Replay & Master Examination Export

Step 5 **Audit Timeline & University Master Reports**

1. **Registration Replay (`/faculty/replay`):** Drag the interactive timeline slider to replay the exact order of registrations down to the millisecond, verifying first-come-first-served transparency.
2. **Master Departmental Reports (`/faculty/reports`):** Export complete consolidated Excel and PDF reports ready for the Controller of Examinations (COE).
